

SOCIAL INTERACTION

Staff and Board members share a keen interest in the schools and in education generally, and it is to be expected that when they meet at social affairs and other functions, they will informally discuss such matters as educational trends, issues, innovations, and general school district problems.

By way of instruction to all parties, staff members are reminded that individual Board members have no special authority except when they are convened at a legal meeting of the Board or vested with special authority by Board action. Discussions by either party of persons involved in district operations or personnel grievances will be considered as evidence of unethical conduct.
