

Dear Parent(s)/Guardian(s),

Your child has been selected to receive additional educational support services based upon multiple pieces of data that the classroom teacher and Title 1 instructor have gathered and analyzed. These services are in addition to the instruction that your child receives from the classroom setting with a small group of students.

The Title 1 service instruction that your child receives is designed to strengthen your child's academic abilities and provide effective literacy strategies that can be used to improve overall skills for all content areas. The instruction is designed to improve and build upon your child's current reading skills. The specialized reading instruction your child will receive will focus on areas such as reading strategies, comprehension, decoding, phonics, vocabulary, and fluency. As part of the reading program your child will be bringing home additional books and assignments that should be completed at home which help further strengthen your child's literacy skills. The math instruction is tailored to what your child's specific needs are regarding individual skills practice.

Please sign the permission form below and return it to the school in order for your child to receive (reading, math) services. If you have any questions or concerns please do not hesitate to call me at Evergreen Elementary School (907) 874-2321 ext. 248 or you may email me at [lsalchenberg@wpsd.us](mailto:lsalchenberg@wpsd.us)

I am looking forward to a wonderful school year teaching your child and working with you. Together, we will be able to make your child's literacy experiences positive and rewarding.

Sincerely,  
Ms. Lorna Title One Instructor
